

# HAPPY CHILDREN'S DAY

Want to do something special for your child today? **Dev Goswami** tells you about the Children's Day events that are happening in the city

Palate Culinary Studio's cook-off event promises to be an exciting one to take your kids to this Children's Day

Philip Ardagh where he talks about writing, being an author and having fun with words. Another one is a workshop by authors Bhairavi Parekh, Tannaz Daver and journalist and author Shabnam Minwala on reduce, recycle and reuse. Another workshop — poetry with puppets — though not listed as a children's event, would be, we think, a good one to take your children to.
